The Albums

Hand Crafted Albums have pages printed photographic paper in Italy where they are bound seamlessly together and laminated for long term protection. Albums have beautiful crystal acrylic, or photographic paper with leather covers. Each album is created with full pages, panoramic pictures, and custom graphics. Choose from Square, Portrait, or Landscape.

Design - Album designs are artistically created from your images unique and individual. We will design between 30-50 one sided pages. You will get to edit, extract, and expand on the initial design to get the exact album you desire. 12-13 weeks after your event, your Custom Event Page at gardenrose.net will have a Showcase of your album design. This will be available online for one year.

What is PASS? - PASS is software designed for the way you view and share photos: socially and on your mobile devices. PASS installs for free on your Apple or Android device and allows you to download, share one photo or all photos to your favorite social media sites. You can also access your photos on a personal web page.. What is PASS? - PASS is software designed for the way you view and share photos: socially and on your mobile devices.
